GRADE 7 SUMMER READING LIST 2017

For students entering grade 7

Summer 2017

Dear Parent/Guardian:

As you know, the importance of reading can't be overstated. Students need to read year round to maintain progress and continue growth, and we ask that you encourage your son or daughter to read this summer.

Hinsdale Middle School 7th Grade LA/ELA teachers would like for your son or daughter to read at least one book from each list provided. Students are to then complete the attached Summer Reading Response activity forms and return them to their English teachers during the first week of school in August.
